

LEFC Kids Healthy Classroom Practices

Updated September 15, 2021

Dear LEFC Families and visitors,

Kids Ministry at LEFC has updated our safety guidelines. We are honored that you have trusted us with your children, and we want that trust to continue.

As of May 23, 2021, mask wearing is optional for children and adults.

Wellness Information:

- We continue to ask each family to be responsible for screening their children before arriving at LEFC. Please do not drop off children who have a fever or illness related symptoms within the past 24 hours.

Safe Check-In Options:

- When you arrive at the church parking lot, we recommend that you check your children in by using the Elexio Community app on your smartphone. This way your tags will be ready when you come in.
- Self-check-in stations will be available for you to use to check in children and teachers/shepherds. Please use the hand sanitizer before touching the screen.

Please take your younger children to the bathroom before entering the Children's Wing.

Sanitization Information:

- Once children enter the classroom they will wash or sanitize their hands.
 - We do provide a safe and healthy environment for kids, parents and volunteers, but we do NOT want to teach behaviors of isolation or social fear.
- Tables and large surfaces will be sanitized.
- Children will be disinfecting their hands several times during each service.

** If a child or leader tests positive for COVID-19, the other children and leaders in that room or small group will be notified by LEFC Kids staff. **
