

LIFE GROUP LAUNCH CURRICULUM

WEEK 5 DISCUSSION GUIDE

LOVE PEOPLE

VIDEO RECAP

Our next Mark of a Disciple is “Love People.” Loving people the way that Jesus did is radical and counter cultural.

THE LEAD IN

Think back to someone in your past who has made a large impact on your life. Why was it so monumental for you? How did they make an impact on you?

GETTING INTO THE TEXT

In Philippians 2, we are called to show people the same love that Christ did. Read verses 1-11. How did Jesus love people and how can we practically imitate that?

Read John 13:1-17. Jesus says his actions are an example for his disciples. Discuss how radical this act of service and love was. Why is the way that Jesus loved so radical and different from anything the disciples had ever experienced?

GOING DEEPER

Why does loving people follow so closely behind loving God? Is it possible to love God without loving others? Why or why not?

Get practical, how could the church become better known by love than it is by all the things culture sees it as now?

PRAYER

Share personal requests with each other and commit to loving each other by regularly praying for those things.
