

# Mission Stories for Kids!

Available in the LEFC Library!

## **Christian Heroes: Then and Now by Janet and Geoff Benge**

They have 42 volumes of missionary biographies from a variety of time periods and countries. They do go in order by date, but you can read them in any order you prefer. The books are written for kids to easily understand, but you may find it works well to use these as read-aloud options for younger kids.

## **Trailblazer Books**

The stories are much shorter than the series above, making them a good fit for middle elementary age to read alone should they choose.

## **Other Missions Series in our LEFC Library**
